CHARLES CONSTRUCTION

Did you know that Charles Construction installs top-of-the-line insulated replacement windows to include the use of foam injection around the windows which is essential for optimal results. These windows will perform well in the upcoming cold season. Plus, the way Charles seals the exterior of the window adds to the beauty of the window – not take from it. Let us show you there is a difference.

Charles Construction is located in Copperas Cove, Texas and has twenty-five years of experience in Central Texas general construction and remodeling. When planning a home addition it is important to find a trustworthy company with familiarity of customers' needs.

Charles Construction also specializes in home additions, sun rooms, roofing, complete kitchen and bath remodeling, interior and exterior painting, lifetime siding products, door and window replacement, wood privacy fencing, and all phases of general home repairs. Along with an extra friendly attitude, your home project will be completed in a timely manner, with the best hand-picked materials. Because Charles Construction works on one job at a time, you can expect nothing but

the best results. Customers choose Charles Construction because of the company's positive attitude, great customer relations, attention to detail and reasonable rates. The company offers discounts to veterans and senior citizens, as well as full guarantee on its work.

Charles Construction is a qualified and registered builder and an accredited member of the Better Business Bureau; who has also been voted Best of Cove for four (4) consecutive years (2008-2011), and voted one of the best in Central Texas, for 2013, by the readers of the Killeen Daily Herald. Your home project will be taken care of by Charles Construction's friendly staff which is hard-working, knowledgeable and has an eye for detail. Nowhere else will you find a company who serves its customers with a winning attitude and outstanding skills.
